

## Small Business Owner/Executive Women's Roundtable

Facilitated Small Business Owner/Executive Women's Roundtable:

This facilitator-led roundtable provides a confidential forum where participants can share challenges, experiences, and thinking around problems unique to small business and enhance their capabilities.

This confidential peer group environment welcomes all industries to create broader perspectives, support, and insight. One of the things that makes peer learning so appealing is the just-in-time, on-target feedback. The format enhances leadership and management abilities and improves decision-making and prioritization.

Member Profile: Women owners and executives of small businesses (typically 10-250 people) open to a unique development opportunity, willing to commit, engage, contribute, and grow.

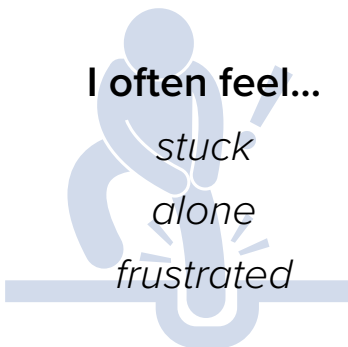

Leadership Roundtables are built on the opportunity to build relationships, generate ideas, and share profound, inspiring, impactful, and actionable insights to put into action in your organization. All components are focused on the growth of the owner/executive and their business.

***In this Roundtable experience, you will discover:***

- ***How to get the most from your team, willingly.***
- ***Ways to lead, manage, and build accountability, from top to bottom.***
- ***How your team health can dramatically change your results.***
- ***That whatever your leadership style, it's perfect!***

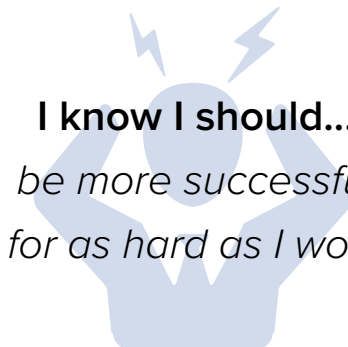

**I often feel...**

*stuck  
alone  
frustrated*

**I know I should...**

*be more successful  
for as hard as I work*

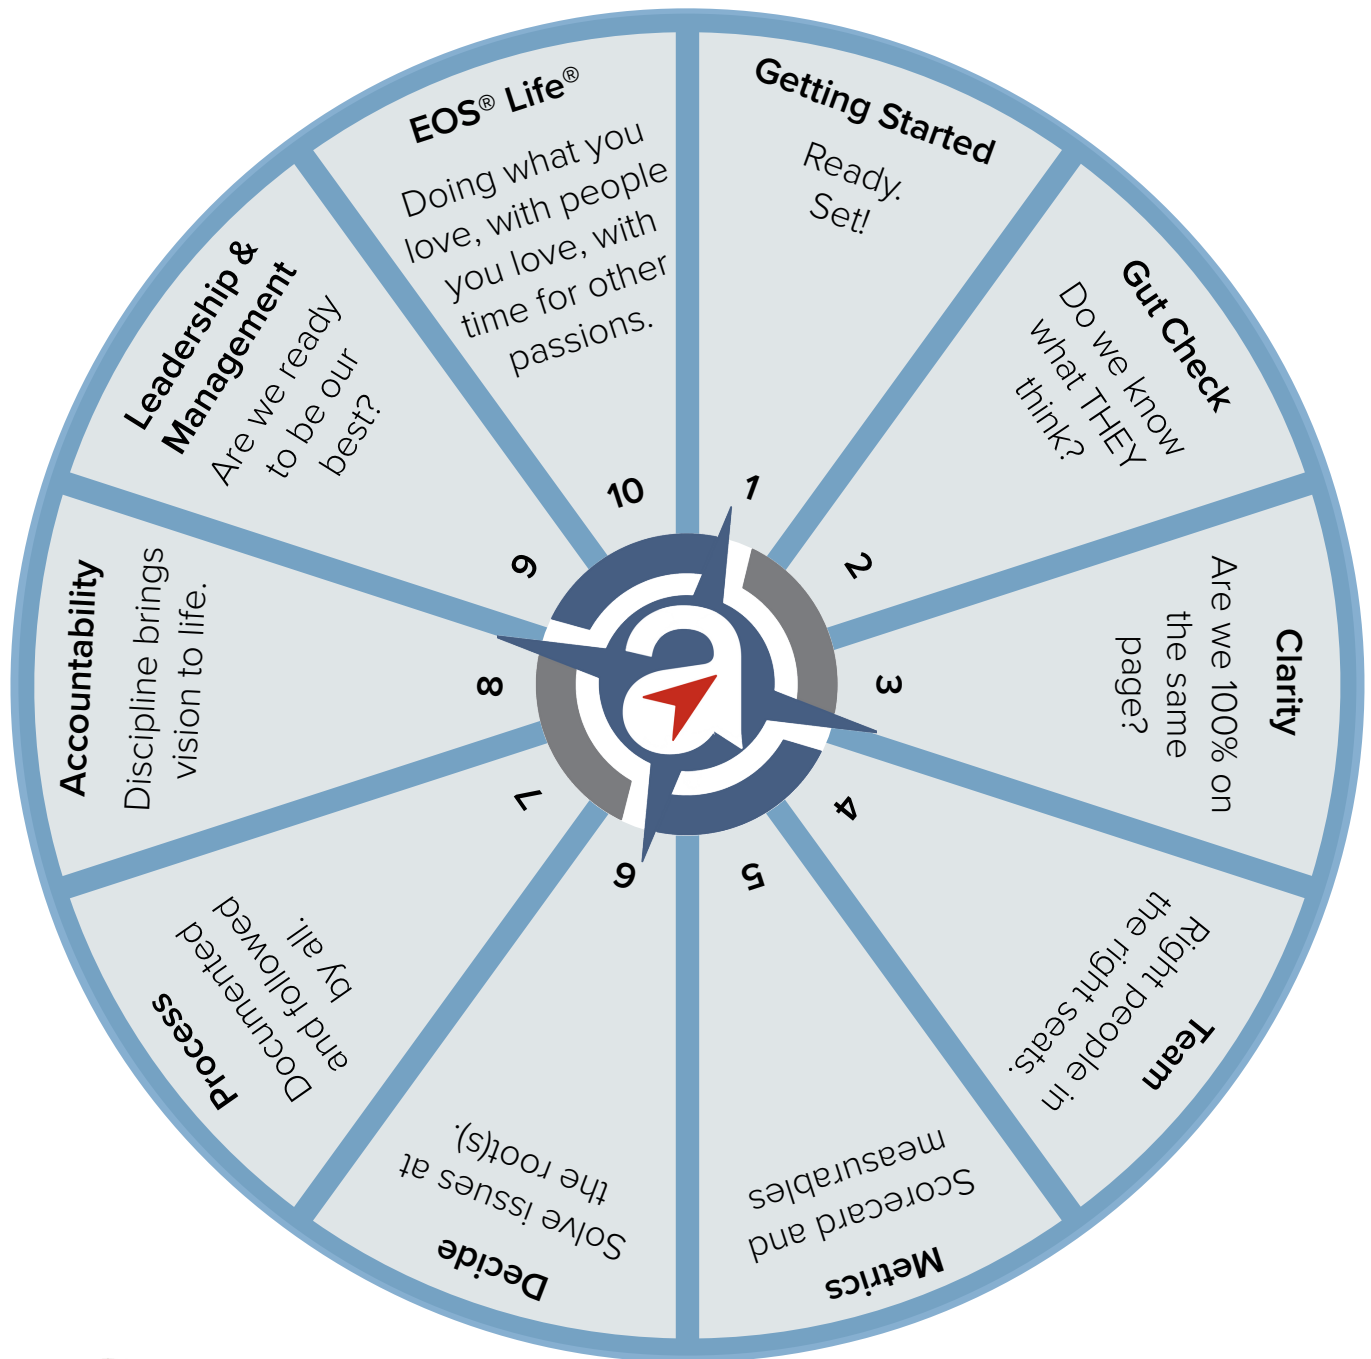

**I want to...**

*learn and grow  
rejuvenate my team  
love what I do*

**For small business owners and executives ready to be their best, identifying issues as they arise, and solving them at the root.**
