

WHAT DOES THE STAY AT HOME ORDER MEAN?

Governor Gretchen Whitmer ordered all Michigan residents to stay at home and directed all Michigan businesses and operations to temporarily suspend in-person operations that are not necessary to sustain or protect life.

What exactly does that mean? Here are the guidelines:

Stay Home. Only leave your home for exercise or to purchase essential supplies for yourself or others while continuing social distancing measures.

You may not leave your home to work unless your employer designates you as part of the critical infrastructure workforce. You may be designated to leave your home if your work helps to sustain and protect life or to conduct minimum basic operations.

Hospitals, grocery stores, pharmacies, banks (drive-through only), gas stations, carry-out restaurant options, will remain open as essential services. Please arrange for delivery whenever possible.

Do not panic. Do not hoard. There will be no interruptions to the shipment of food and supplies. Please leave enough for others in the community.

If you begin to show symptoms of COVID-19, please call your doctor or the Munson COVID-19 Hotline at 231-935-0951.

Mental health is important during this time. Make sure you are looking after yourself! Stay in touch with loved ones and check up on friends and neighbors via phone or digital means. We are all in this together!

Go outside! Walk the dog, go for a run. Just keep six feet between you and any other individuals in order to prevent the spread of COVID-19.

The State of Michigan hotline is open seven days a week from 8 a.m. to 5 p.m. at 1-888-535-6136. For more information visit: michigan.gov/coronavirus

STAY HOME. STAY SAFE. SAVE LIVES.
