

Stacie joined the Rehmann audit team in 1996. She began her career providing audit, review and consulting services for a variety of closely-held commercial business clients and institutions of higher education. With success in client service and associate and team development, Stacie became a regional assurance department leader, a member of the Assurance Executive Committee and in 2012 became a regional managing principal for the firm's offices in Saginaw, Lansing, Midland and Cheboygan. Stacie has been involved in

the development of the firm's leadership programs and serves as a sponsor and mentor to many Rehmann associates. Stacie also serves on the Rehmann Women's Initiative Network Council and has been instrumental in shaping the Firm's culture and values. Prior to joining Rehmann, Stacie spent three years at a national public accounting firm.

After growing up in Pittsburgh, PA and graduating from the University of Notre Dame, Jamie began what is now a 40-year career in the creative products industries. For sixteen years he was a key sales and marketing executive with LEGO working both in the US and Canadian markets. He then continued the trend of working with high quality, privately held toy brands by serving as President of Playmobil USA. In 2003, Jamie assumed his current role as President and CEO of Faber-Castell USA, the US subsidiary of the 260-year-old German parent company Faber-Castell. Most recently he has played a pivotal role in the "Enriching Lives Through Creativity and Self-Expression" strategic platform within the Faber-Castell Group while also serving on the global company's Leadership and Innovation councils. In his current efforts to promote the importance of creativity, Jamie makes regular stops at college campuses and business gatherings to speak on the topic, "Beyond Crayons, Flip-Charts and Sticky Notes: The Importance of Creativity in Business and in Life." Jamie served for fourteen years in a volunteer role for the Toy Industry of America as a member of the Board of Directors and Executive Committee. Recently he served as a member of the Partnership for 21st Century Learning (P21) Strategic Council and American Specialty Toy Retailers Innovation Council. His volunteer work also includes a role as one of the earliest board members of "Operation Respect" an anti-bullying organization as well as a member of the Board of Trustees for LaRoche University.

Katie joined Aunalytics when Naveego, the data integration platform company that she led as President and CEO was acquired by Aunalytics. At that time, she was recognized as the only woman CEO in Big Data in North America. In August of 2021 Katie was appointed by Governor Whitmer to the Michigan Women's Commission. She has been recognized by the United States Congress with a leadership award for innovative business models in healthcare for her work in rural oncology care with Munson Medical Center. Horvath is a

patent attorney, having managed IP litigation for Microsoft. She serves on the Advisory Board for Industrial & Operations Engineering at the University of Michigan School of Engineering and the Michigan Artificial Intelligence Advisory Board through the Center for Automotive Research. Horvath is a mentor and advisor for 20Fathoms tech incubator in Traverse City, Michigan. For many years she volunteered as an instructor for the National Center for Trial Advocacy and served on the Board of Directors for FLOW. She is a regular speaker at the National Cancer Prevention Caucus and Workshop on Capitol Hill, and as Past Commodore serves as a board member on the Grand Traverse Yacht Club Foundation. She earned her JD at the University of Notre Dame and BSE in IOE at the University of Michigan.
