FRESH COAST HOMECOMING

A MEETUP FOR ENTREPRENEURS, JOB SEEKERS, CURIOUS MINDS & NEWCOMERS

Every fall, Michigan's Creative Coast teams up with TCNewTech and Back to Michigan to host an annual homecoming event geared at job-seeking residents of the Grand Traverse region as well as boomerangs who are considering relocating back to northern Michigan.

This year, we are combining the homecoming event with our quarterly meetup to present the 2022 Fresh Coast Homecoming. This combined event will offer an excellent opportunity for newcomers, boomerangs, and locals alike to discover some of the region's fastest-growing companies, plug into a network of like-minded folks, get inspired by our region's entrepreneurial ecosystem, and learn about one of the most vibrant arts & culture communities in Michigan, the Midwest, and beyond.

If you are looking for your next career move, this is a great chance to meet with employers in a casual setting and explore where your career journey could take you. If you are seeking to create new relationships in the community, this is a wonderful opportunity to gather in a welcoming space and discover the exciting new ideas, inspirations, and innovations happening here.

The event is free to attend thanks to our Presenting Sponsor Munson Healthcare and Supporting Sponsor 20Fathoms. Hors d'oeuvres and your first drink are on us. Registration gets you one drink ticket.
